

The Commission suggests that the proponent limit the number of parking spaces to 40 for the first two years of operation, and then assess whether more spaces are required. The Commission also suggests that the new section of road be included in the monitoring program for the main road project that was authorized in 2010. Finally, the Commission notes that the proponent must obtain all other authorizations required by virtue of Chapter 1 of the *Environment Quality Act* for the construction of a boat launching ramp and operation of a borrow pit, if applicable, and for any work that may affect wetlands.
